## Why cyber insurance is (not) a waste of money!

In this interactive webinar [Sjaak Schouteren](#) will show the past and present of the cyber insurance markets. He will dive into the sort of claims which have been seen and what the effect of those claims has been on the cyber insurance market. Sjaak will furthermore discuss what the coverage entails and how the underwriting process works.

## Top-5 lessons learned from defending Microsoft 365

Zolder has spent the last 5 years building a platform to secure businesses running on Microsoft365. The company has learned a lot about the do's and don'ts of the public cloud and the inherent vulnerabilities within it, that mostly are unknown to it's users. In this presentation [Erik Remmelzwaal](#), cofounder of Zolder, will share the top 5 of lessons learned Zolder gathered along the way.

The presentation is in English (unless all participants are Dutch).

Start: 6 pm, snacks and drinks are included.

Inschrijven (2 CPE)

## Unable to attend?

Registered for a physical event and **unable to attend**? Please [notify us](#), so we can make these tickets available for others or adjust our planning when it comes to catering and location costs.

Looking for **presentations** of earlier events? Check our [website](#) for powerpoints and reports and our [YouTube channel](#) for video's.

# Security-Congres 2024

Expect the unexpected

9 oktober 2024

GEORGANISEERD DOOR

Hilversum, 9 oktober 2024

## Security Congres

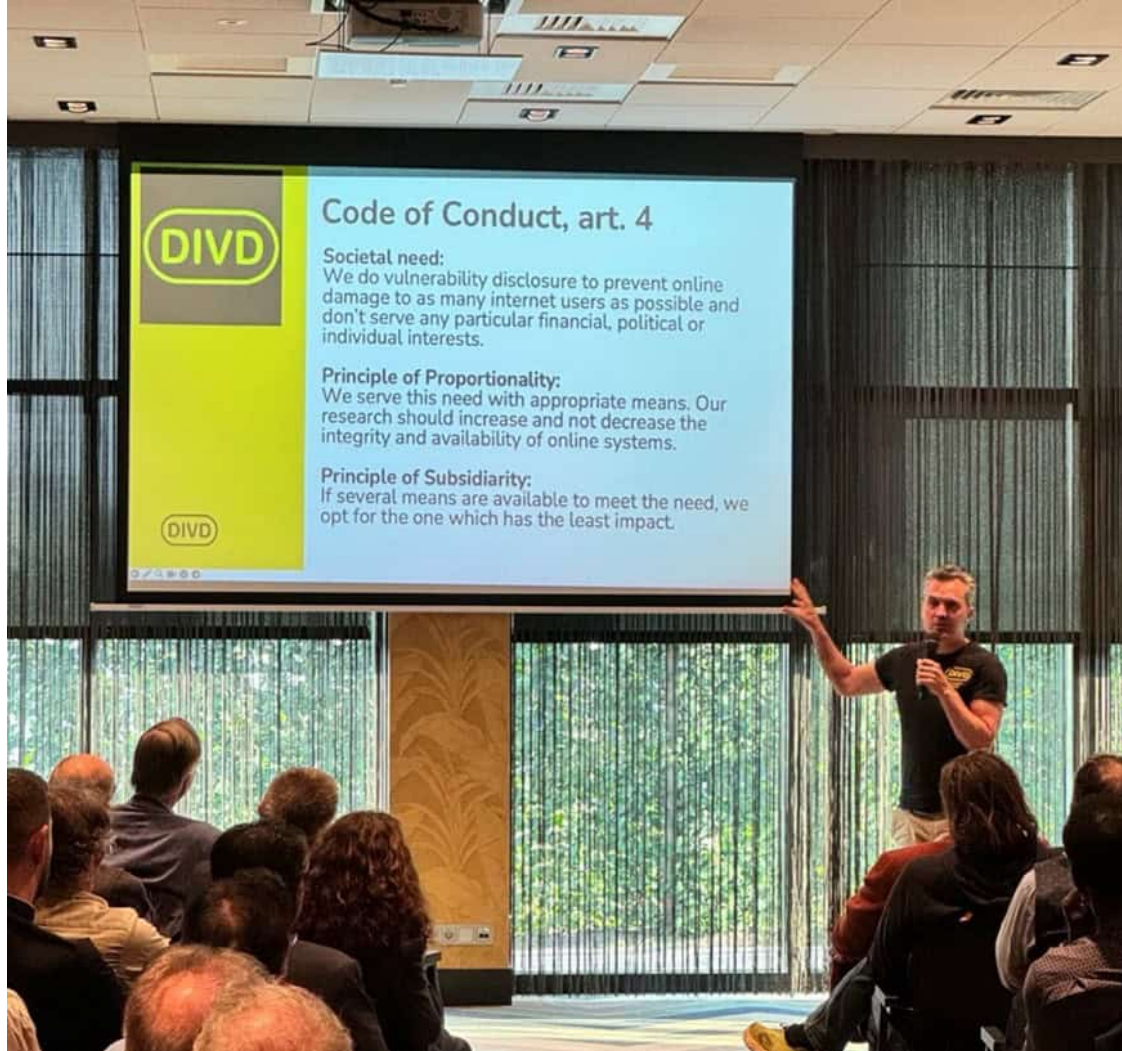

Expect the unexpected' luidt het thema van het twintigste Security Congres, georganiseerd door ISACA NL, NOREA en PvIB.

Het programma is inmiddels gereed en de eerste 75 deelnemers hebben zich inmiddels ingeschreven. Nu aanmelden betekent dat je gebruik maakt van de **vroegboekorting!**

## Nieuws / news

**Cyber Booked: 5 Cybersecurity authors in the spotlights**

On the 23rd of May 2024, the Dutch Chapters of ISACA, ISC2 and OWASP together with the Secure Software Alliance (SSA) hosted a successful fully booked First Edition of Cyber Booked, a unique event showcasing predominantly Dutch authors of Cybersecurity books. The turnout was great, and everybody was excited to learn from the authors!

**Cyber Crisis? Geen Paniek!**

Een cybercrisis is onvermijdelijk; vroeg of laat wordt iedere organisatie slachtoffer van een aanval, zegt Kelvin Rorive, mede-oprichter van het Cyber Chain Resilience Consortium, CCRC. In het boek 'Cyber Crisis? Geen Paniek! We hebben immers geoefend' laat het CCRC zien hoe je een goede analyse van het bedrijf kunt maken en op basis daarvan een oefenplan opzet. In ons nieuwste ISACA NL Chapter Journal artikel licht Kelvin één ander toe.

Join Us in Shaping the Future of IT Value Creation! □

ISACA Netherlands Chapter and ISACA Belgium Chapter invite you to complete our IT Governance Survey.

Last September, ISACA Netherlands Chapter and ISACA Belgium Chapter joined forces and started an [IT Governance Knowledge Group](#) for government organizations. This working group focusses on the current challenges for government organizations in the field of IT Governance and sharing knowledge with the members in this area.

The chapters are now seeking your collaboration and invite you to participate in a survey regarding IT Value Creation within the central Public Administration.

How to Participate? Simply scan the QR Code corresponding to your preferred language to access the survey and provide your valuable insights. Thank you for your contribution!
